

## NCAA REGULATIONS FOR THIS EVENT

---

### **Please note the NCAA Requirements for this tournament: (MANDATORY)**

**All of the steps below must be completed by 15U-17U boys' teams in order to participate.** Teams without approved coaches and rosters on the NCAA BCS will not be allowed to participate in the NCAA-certified portion of this event.

**Step 1 – Coaches obtain USA Bball Gold Licenses:** Coaches of 15U-17U boys' teams must obtain a USA Basketball Gold Coach License with NCAA Status. This requirement applies to coaches, assistant coaches, and any bench personnel (non-players). **If you obtained a USA Basketball Gold License in 2018, you must renew your license** in order to coach in 2019. If you are applying for the first time, allow 3 weeks for processing. Renewals are quicker – just log into the [USA Bball](#) site to start the process. **If you are applying for the first time, [click here for detailed application instructions from USA Basketball](#).** You will not be able to enter your rosters on the new BCS website (step 2) until you complete this process. **START EARLY!**

**Step 2 – Register on the new BCS: ALL COACHES AND ATHLETES must create individual accounts on the all-new NCAA BCS website <https://BCS.ncaa.org>.** Only coaches who have completed the above Step 1 will be allowed to create accounts on the BCS. [Instructions for COACHES](#). [Instructions for ATHLETES](#).

**Step 3 – Build Your Team Roster:** The head coach must then invite their assistant coaches and players to be on their roster through the BCS website. [Click here for detailed instructions on how to build your roster](#).

**REMINDER: Teams who have not completed all of the above steps WILL NOT be allowed to participate in the NCAA certified portion of the tournament.**

*Coaches are expected to keep their online rosters updated. The same address and telephone number cannot be utilized for multiple athletes. In addition, it is not an acceptable practice for prospects' coaches to substitute their own demographic information for that of a prospective student-athlete. Failure to register or submit all required information will result in the team being denied participation in all NCAA certified events. See also "Adjoining State & Residency Rules" below.*

### **IMPORTANT NOTES**

- **Adjoining State & Residency Rules:** All prospective student athletes participating in an NCAA-certified team event must reside in: (1) the same state as their team's official address; or (2) an adjoining state, provided that no more than three team member(s) reside in adjoining states. This rule applies to US as well as foreign teams. For clarification on all of the NCAA's rules concerning residency [click here](#).
